

Lisa's Homemade PLAYDOUGH RECIPE

Ingredients:

3 c flour
1 1/2 c salt
3 T oil
2 T cream of tartar
3 c water

Directions:

Mix all ingredients in a cold pot on top of the stove. Turn stove on to medium/low and stir continuously. It can take up to 20 minutes for the mixture to form into playdough. After the dough is cooled, you can divide the dough and add food coloring to make different colors. Keep playdough in an airtight plastic container or ziploc bag when not in use. Playdough will stay soft for up to a month!
