# THANK YOU

## To The Organize 365® Community:

Have I told you lately that I love you? I have truly found “my people” in this community and it fills my cup every single day. Words can’t begin to express the gratitude I have for every single one of you.

As I began my PhD journey last year, I quietly worried about dividing my time between school and Organize 365®. I know that pursuing my PhD will allow me to have a greater impact overall in the lives of women who are ready to take back their homes, careers and time. But, what about the women who need that today? I’m happy to say that over a year into my PhD program, I have had the indescribable joy of watching so many of you take back your lives through Organize 365® courses and systems. All while I am also pursuing my BIG dreams!

With that said, I want you to know that when I first started Organize 365® I didn't have it all figured out. But, once I started I didn't stop. I started with my podcast and I consistently added a podcast every week. As I did this - I grew, my audience grew, my business grew, and my confidence grew.

**What's that thing that has been on your mind and in your heart that you want to do but think you have to have it all figured out to start?** I know you have unique gifts that the world needs. I want to encourage you to share those unique gifts. To get out of your own way, to get organized, create time for yourself or get whatever it is you need to be able to pour into others and share your unique gifting.

**Make this summer count! Organize 365® is here to help you on your journey and we want to let you know just how much we appreciate you. This year we are hosting CUSTOMER APPRECIATION DAYS from June 13-17.**

**Enjoy 15% off EVERYTHING and FREE SHIPPING on orders over \$250 from June 13-17.**
